The Conference was not as largely attended as the session here a year ago by reason of the distance many would have to travel. The entertainment was very fine, the whole city giving a public reception to the Conference on Friday evening.

Not only the Third Street M. E. Church but the whole city and surrounding community will regret that Rev. Harrop is to leave us. Every effort that was possible was made to secure his re-appointment to Maysville, but the Bishop was immovable, claiming that a Preacher of Rev. Harrop's ability was needed at Barboursville, the seat of Union College, and a very important work at this time.

Rev. E. R. Overley assigned to the Third Street Methodist Episcopal Church, is spoken of as an exceptionally strong man, fine pulpit orator and scholarly gentleman. He comes from Germantown, where he did excellent work, and is very much beloved by his congregation.

Free Liver Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient gastric juices it becomes sluggish, and in this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the sallow complexion, the pimply face, the dull pain in the forehead, the thinning of the blood, etc. A very quick and sensible way to stop the trouble as well as to cure it is by the use of Dr. Caldwell's Syrup Pepsin, which contains ingredients especially intended to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his remedy, and who are glad to make the facts public so that others can help themselves, are Mr. Jas. Kennedy, St. Louis, Mo.; Mrs. S. A. La Rue of Smith's Grove, Ky., and many others.

These, like thousands of others, started the use of Syrup Pepsin with a sample. If you will send your name and address you can also obtain a free trial bottle. This will prove to you that liver trouble is promptly cured with this remedy or money will be refunded. Having tried it you can then buy it in the regular way of your druggist at fifty cents and one dollar a bottle, and the latter is sufficient for an entire family.

This remedy is a vast improvement over cathartic tablets and salts, which only do good for the time being. Syrup Pepsin is permanent in its results, is pleasant to take and does not gripe. It is especially good for all those who cannot stand a violent purgative.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 507 Caldwell building, Monticello, Ill.

MAINE GOES DEMOCRATIC

PORTLAND, MAINE, September 12th.—There was no uncertainty in the voice with which Maine today recorded her preference for Governor and her attitude on the issues of the campaign generally, the plurality given to Frederick M. Plaisted of Augusta, Democrat, being decisively large, while three of the four Congressional Districts, which are ordinarily strongly Republican, returned Democratic candidates. Early returns indicated that the Legislature might go Democratic and elect a Democratic successor to United States Senator Hale.

The State Senate will surely have a Democratic majority. The House complexion is in doubt. Returns from all but 48 of the election Districts for the State showed a plurality for Plaisted for Governor of 8,500.

The gage marks 7 3 and falling.

Show Good Form in Yesterday's Game—Maysville Lost Out in Wind Up

The change in the personnel of the Maysville Club has worked a vast improvement in the playing and yesterday's game was one of the best and most rattling contests seen here this season.

Up to the eighth inning the game was a shut-out on both sides. Everton's pitching for Maysville was superb and all that could be desired. With the proper support in the field he would have held the Winchester's down and given them goose egg for goose egg. The first seven innings neither side scored and only one hit was made.

There were several sensational and extra good plays made by the home team, while several errors piled up in the eighth and ninth innings allowed the visitors to score 4 runs, defeating the Maysville's at the end of the game 4 to 0.

Toney, Winchester's high class pitcher, showed that he can deliver the goods, as he held the Maysville's down to one hits and no runs. Toney goes with the Chicago National League team next year and he possesses all the marks of a comer with a rep.

Following is the score by innings:

	1	2	3	4	5	6	7	8	9	R. H. E.
Winchester...	0	0	0	0	0	0	0	2	2	— 4
Maysville.....	0	0	0	0	0	0	0	0	0	— 0

HANDICAPPED.

This is the Case With Many Maysville People.

Too many Maysville citizens are handicapped with a bad back. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest, and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills cure sick kidneys and cure them permanently. Can you doubt Maysville evidence?

Mrs. Nathan A. Hafer, Maysville, Ky., says:

"My opinion of Doan's Kidney Pills is so high that I have not the least hesitation in publicly recommending them. For ten years I was bothered by kidney complaint, during which time I tried various remedies without obtaining benefit. There was a constant, dull ache across my back, often accompanied by sharp rheumatic twinges throughout my body. I was also subject to nervous headaches and dizzy spells, and on arising in the morning I felt tired. My husband advised me to give Doan's Kidney Pills a trial, and I procured a box at J. Jas. Wood & Son's Drugstore. They cured me in a short time."

"We installed one of your No. 739 Underfeed furnaces in our 12-room house about two years ago. We have found the furnace very satisfactory indeed. The furnace is extremely economical, fires easily and the heat is quite evenly distributed throughout the various rooms. We use nut and slack coal for fuel with perfect results and much prefer the Underfeed to any heating device with which we are familiar."

Among the Many Things "DOING"

In this store just now is selling a lot of Children's School Suits at $2.75, $3.50 and $5 that are fully worth one-third more.

Another thing we are doing, selling all-wool Cheviot and Cassimere Men's Fall Suits at $7.50 and $10 that are worth respectively $10 and $15.

Another thing we are doing, selling absolutely pure Worsted Blue and Colored Serge Suits, fall weights, at $12 and $15 that we honestly believe we are selling cheaper than other clothiers have to pay for them.

Another thing we are doing, showing and selling the best style Fall Suits in high class stuff that will be shown in Maysville this season. Look at them and then "compare."

And last but not least we are doing, selling more high grade Men's and Boys' Shoes than any other shoe house in the State. Every pair warranted to give reasonable satisfaction.

A. Baker of Chicago to teach the local talent. The first rehearsal was held last night at Neptune Hall and excellent progress was made. DELICATE AND SUCCESSFUL SURGICAL OPERATION

Agnes, the little eight year-old daughter of Mr. and Mrs. John Byron of West Third street, has been deformed in her feet for the past six years, so much so that the child was unable to walk—the toes being drawn and turned under the bottom of the foot. The parents had about despaired of the little girl ever being able to walk, and had reconciled themselves to the permanent crippled condition of their daughter. The case was given to Dr. L. Brand, not however, with expectation of a permanent cure, but hope of some kind of relief. Since being operated on and treated by Dr. Brand, little Agnes is able to walk flat-footed and as good as her elder sister. Those conversant with the case consider the cure a remarkable one.

IF ex-Governor MCCREARY is attempting to "come back" with the aid of "Boss" WHALLEN, he will not stay back very long.

AMERICAN society has suffered too much from "isms" of all kinds. It is the prey of "extremists." It needs doctors who will practice "prevention" more than surgeons who will amputate. The process of change should be evolutionary rather than revolutionary. Investigation must precede action, and inclusive observation goes before exclusive generalization. The future is best developed by those who remember that the present has roots in the past and branches cannot leaf and flower if the roots are cut off.—Boston Herald.

COLONEL ROOSEVELT does not object to being called "Teddy." There was a time when he thought it was not dignified to respond to that salutation, but he has learned that it is a spontaneous nickname and meant as an expression of friendliness, and now he rather enjoys it. As he motored down to the Exposition Friday probably a hundred persons shouted, "Hello, Teddy," and other expsessions of a similar nature at him. He grinned at them all, and remarked: "What I like best of all is when they cry, 'Oh, you Teddy.'"—Times-Star.

LINA CAVALIERI didn't get cold until after she got Colonel BOB CHANDLER'S money. That's generally the way it ends.

IT is a case of "scissors" with the Tariff busters, and they will stick to what they say even when they begin to be submerged by the mud of low prices.

Low Prices Stop the Tariff Haters.

The McKinley Tariff of twenty years ago was held responsible for the high prices of that period by people who refused to see that high prices and prosperity usually go together.

But when the drop came; when the wheels in the factories ceased to go round; when the miner stopped delving and when the transportation companies ceased transporting, and production and consumption fell off greatly, the Tariff hater gave his tongue a rest for several years.

There is nothing like an era of low prices to cork up the Tariff hater and to fill the poorhouses, and it looks as if the conditions precedent to the accomplishment of the latter result were being created.

Let us hope that the signs are deceptive and that the insane desire for low prices and calamity will not be realized.—San Francisco Chronicle.

"No," explained a friend, "that's your common sense."

MY DOCTOR MIGHTY FINE

Mrs. Hattie Cain of Carrsville Thinks all the More of Her Doctor Since He Advised Her to Take Cardui.

Carrsville, Ky.—"My doctor," writes Mrs. Hattie Cain, "who advised me to take Cardui, for my troubles, is a mighty fine doctor, and I say God bless Cardui and the people who make it.

"Before I took Cardui, I suffered with female troubles for sixteen years. I would have to send for a doctor every three month, and oh! how dreadfully I suffered!

"I would cramp and have convulsions and it looked like I would die. At last I took Cardui and oh! what a surprise! I found it was the medicine for me!

"From the first bottle, I began to mend and now I am well, can do more work, can walk and go where I please and it don't hurt me, and I owe it all to Cardui."

Cardui helps sick women back to health. It has been doing this for over 50 years. It is not a laxative, or a heart or kidney medicine—it is a woman's medicine.

If you are a woman, try it.

ADMONISHED TO DO BETTER

George Heiser and Albert Savage, the two boys engaged in having a Fourth of July celebration Saturday night in West Second street, were taken before Judge Rice yesterday morning by Chief H. A. Ort to be dealt with in the Juvenile Court. Judge Rice, after hearing the case, admonished them of the consequence of a second appearance before His Honor, which would result in their being sent to the Reform School. He also ordered them to report to Chief Ort every week as to their conduct.

I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. Gas Light Talks—No. 2.

Our Position Here.

As we told you in yesterday's Talk, we intend to make a frank statement of this company's affairs, insofar as they affect the City of Maysville and its residents.

It is going to take some time to do this, for, while there is practically no limit to the amount of advertising space we are willing to use in order to tell our story, we do not want to lose your interest, as we certainly would were we to publish all we have to say in one issue of the daily papers.

THEREFORE, WE ASK YOU TO READ THESE DAILY TALKS WITH CLOSE ATTENTION.

There are a great many things about this company that you ought to know and that we shall do our best to tell you. But, in order that our efforts shall not be in vain, you must do your part and READ THESE TALKS.

We are a public service company; that is to say, we supply the city and you with actual commodities.

These commodities are supplied under franchises which give us the right, subject to certain restrictions, to use the streets for the distribution of gas and electricity.

The grocer, the butcher and the baker have an absolute right to use the streets for the distribution of their important wares. They undoubtedly cause infinitely more damage to pavements in one year than we do in ten years, but they require no franchise.

Also, there is this difference between their business and ours:—

If they do not make money here, they can pack up their goods and go to some other city where conditions may be more favorable.

WE CANNOT DO THIS.

The very nature of our business prevents it. We are bound to rise or fall with Maysville.

You can readily see, therefore, that what benefits Maysville likewise benefits us, and, FOR OUR OWN GOOD, we are bound to work for the advancement of the city.

Maysville Gas Company

Horace I. Cochran, President.
